

NPDES authorization to discharge to waters of the United States, Permit No. TX0007587

The applicant's mailing address is:

Chevron Phillips Chemical  
Clemens Terminal  
P.O. Box 866  
Sweeney, Texas 77480

The facility is authorized to discharge from a facility located at County Road 314, Brazoria County, TX, to the San Bernard River Tidal in Waterbody Segment Code No. 1301 of the Brazos Colorado Coastal Basin.

Under the standard industrial classification (SIC) code 5171, the applicant currently operates a salt dome storage facility for light petroleum hydrocarbons.

Changes from the previous permit issued October 12, 2001, modified December 20, 2004 with an expiration date of November 30, 2006 are:

1. Report requirements for benzene have been removed.
2. A typographical error in the previous permit for total organic carbon has been corrected.
3. Sub-lethal effects have been added to the biomonitoring test.

A statement of basis is available.
